SELECTMEN CONFER ON SEWER

The major portion of the Selectmen's time at their last meeting concerned preparation for the open meeting to explain the sewer proposal which was held at Old Hammondtown School on Thursday. Selectmen conferred at length with Assessors John Gibbons and Bruce Rocha concerning betterment assessments to finance the project. Mr. Rocha suggested that loans may well be available from federal sources to finance the hook-ups since they are mandating the homeowners to tie into the system. He also said that the cost may be more than some homeowners can carry and yet they would be required to do so. Selectmen will investigate to see what funds, if any, are available. The Selectmen explained to

Should we join the Islands?

Town government has never before been so complicated. The pressures from state and federal regulations and their continued encroachment into our local affairs requires the selection of experienced and qualified men and women who are willing to speak out strongly in our behalf.

My record of service to the town of Mattapoisett over the past nine years speaks for itself. I seek this office of Selectman as the candidate with the experience and qualifications to do the job that's required.

I believe the past two years of service to the town as one of your elected members to the Regional School District has shown that I'm capable of speaking out on the issues. I have fought long and hard for the taxpayers and the children of Mattapoisett. I would like to continue to work for the town as your Selectman. The office of Selectman is very important to the town as we look to it for leadership and direction. Unfortunately, many of us in town have felt this to be lacking over the past few years. What we need is the type of strong leadership and commitment displayed by the Selectmen of the islands in their fight against the state.

If elected, I will work hard to make the office once again one of viable leadership.

EXECUTIVE SESSION HELD

Mr. and Mrs. James W. Harris conferred with the Selectmen and Town Counsel Donald Fleming in executive session on a real property matter.

DOG OFFICER MEETING

Selectmen met with Dog Officer Penny Hiller in a continuation of last week's plan of action aimed toward control of dogs illegally at large in Mattapoisett. As a result of this meeting the Selectmen have ordered that all dogs be restrained from running at large at any time within the confines of the Town of Mattapoisett beginning April 7, 1977. To enforce this order a fine system will be in effect. Violators will be given a warning for a first offense. A second offense calls for a $25. fine and a third offense will mean immediate court action against the dog owner.

DOG HOUSES NEEDED

Dog Officer Penny Hiller requests that any person who has an unused dog house who would be willing to donate it to the use of the town contact her at 758-6062. The dog houses are needed to shelter dogs being held temporarily in the town restraining pen.

TAX INCREASE SEEN

Mattapoisett voters will consider a warrant of 43 articles in the Annual Town Meeting scheduled at Old Rochester Regional High School's Bristol Auditorium starting at 7:30 P.M. April 4th. The Finance Committee, consisting of Joseph D. Travis, chairman; Robert H. Urion, Eleanor J. Contant, David J. McIntire and Richard B. Young, in an opening report states that "The total of the budgets have increased a distressing amount." The committee states that most increases are "beyond our control", since State and Federal governments persist in mandating programs without providing funds for them.

District Nurses

Part 4 of the series about the MATTAPOISETT DISTRICT NURSES

PLANS FOR THE FUTURE

As Mattapoisett grows so do our services. The Mattapoisett District Nurses have many plans. Some will become realities this year.

New Medicare and Medicaid regulations will make it necessary for the Agency to offer some services into the early evening hours.

Institutionalization is being stressed only as an alternative when home care is not feasible. Home Health Aide Services will be mandated by legislation in order for our community to benefit from Medicare and Medicaid services.

Medicare and Medicaid requirements demand more sophisticated nursing, supervision of Home Health Aides and business skills.

The consumer is entitled to knowledge of current health, safety and medical care. The role of the District Nurse is to provide as many of these services as possible through screening clinics, elderly counseling, office visits and being available by phone for consultation.

The District Nurses can be reached at 758-6526 weekly from 8 to 9 A.M. and 1 to 2 P.M. We welcome serving the community of Mattapoisett.

Sylvia's Market is typical of the neighborhood grocery store so familiar over 30 to 40 years - the American dream. Any man with courage and hard work could start and build such a business and Domingo Sylvia did. He started in the small old Wells Fargo building. In this cramped store, with an old black sedan for delivery, and the help of young John Souza, he filled a town need. Service was filling orders personally and, in many cases, delivery to the customer's door. The present Sylvia's Market was constructed in 1938 next door and dwarfing the original store. The new store, shining and modern, was the pride of its owner. Many changes have gradually followed including the self-service feature. What didn't change was the spirit of the independent businessman. Joe Pond has carried on a proud tradition of self-ownership with fine quality products and the will to do the extra service for all his customers. Friends traded at Sylvia's Market and returned weekly.

What happened to Sylvia's Market?

Inflation happened, energy cost happened, high taxes and lower profit happened. The loss - another of an endangered species. The worst that happened is that union demands on the wholesaler have forced them to raise wholesale prices for the small grocer to the same level as retail prices in the giant chains to the point where many suppliers will not deliver small orders at all.

Joe Pond is one of a group who assume all the risk with no guarantee, who worked countless hours per week for diminishing reward and no complaint.

The customers of Joe and Bea Pond regret that circumstances combined to overwhelm their effort and most admirable service to all their patrons.

PARK CLEAN-UP - BOTTLES, CANS, BROKEN GLASS, PAPER AND ALL MANNER OF UNSIGHTLY TRASH ARE GATHERED UP BY THESE YOUNG VOLUNTEERS IN A COMMUNITY EFFORT SPARKED BY JOHN HINMAN, MARK CHASE AND FRED KLEIN IN THE PHOTO BOTTOM LEFT.

NED'S POINT CLEANUP

Mark Chase, joined by John Hinman and Fred Klein, had an idea and the trip inspired a host of friends to help in Saturday's clean-up of Veterans' Memorial Park at Ned's Point. This volunteer group of young citizens performed a transformation as they removed a truck load of alcoholic discards from the park area together with all the paper and trash that defaced it. The truck, loaned by Collyer Brothers, groaned under the load of beer cans, bottles and assorted trash. Late Saturday afternoon the park was completely clean and could be observed with some pride by townspeople. The townspeople owe a hearty thank you to all of the group who labored in this cause.

P.S. Unfortunately, the result must be viewed very quickly to be appreciated since our hard drinking element is busy replacing the trash. The next morning, Sunday, 6 packs of can discards relittered the beach and parking lot.

VOTERS OF MATTAPOISETT

I ask for your support on Election Day because the time has come for the people of Mattapoisett to be fully represented on all matters concerning our great town.

The time has come when we, the taxpayers of Mattapoisett, are about to spend a lot of our hard earned money for municipal services.

If we are going to pay for a municipal service, let's pay for our own. Let us get the most for our money by checking all the hidden clauses before we sign any long-term contract.

The time has come for the people of the town of Mattapoisett to receive honest government. By doing this, representation must be for the majority.

My past record of honesty and integrity shown in our town will continue with your support at the polls.

THANK YOU,

Norman Soares

Parent-Teacher's Club

March 11th marked the final day for our Campbells' Soup Campaign. We are pleased to say that both schools collected enough labels to reach their goals plus more. We would like to take this chance to thank all the children and parents for being so diligent in saving their labels. Everyone did a tremendous job. We would like to also thank the teachers and our principals, Miss Aurich and Mr. Reed, for their help and cooperation through this project. This has truly been a team effort with everyone pitching in to reach our goals.

We have set the date of April 1 for our School Party. At that time all the children will be having cake and ice cream served by our room mothers in each school.

Two people who have contributed a tremendous amount of their time to make this campaign such a success are Mrs. Janice Hilley and Mrs. Barbara Barratt. Without them we would never have collected and counted all

"Circus" is Coming!

THE SIGHTS AND SOUNDS OF THE BIG TOP

For most of us, much of the old time circus and its colorful music has passed into a dim and hazy memory. However, here at Mattapoisett on April 22, 23 and 24 in the Old Hammondtown School, you will have the chance to relive your childhood circus days again.

The "Carl Hagenback Ring" (the local chapter of the Circus Model Builders International) and the Lions Club of Mattapoisett have joined forces to present the sights and sounds of the circus. The exhibitors taking part in the display are from all over the New England area and are unique in their dedication to the preservation of circus history.

Some of the highlights to be presented are a model railroad diorama over 45 feet long, circus memorabilia including posters and programs from one of the largest collections on the east coast, photo collections including sideshow oddities, miniature circus tents complete with wagons and figures, and craftsmen who will exhibit and instruct in the fine art of circus wood carving.

In addition, one of the largest model truck displays in the New England area, and owned by a local resident, James Nunes of Mattapoisett, plus an exhibit of historical and military figures will be shown. Last, but not least, will be continuous circus movies shown in the circus display complex. Some of the rare and unique films to be shown are themselves antiques and are borrowed from some of the finest collections in the area.

The three-day exhibit will be running at the Old Hammondtown School on Shaw Street in Mattapoisett April 22 from 7 to 10 P.M., April 23 from 10 A.M. to 10 P.M., and April

Letter to the Editor

As a member of the original Zoning Committee, I completely disagree with the statement attributed to Mr. Walega in the March 17, 1977 issue of the New Bedford Standard-Times pertaining to the proposed rezoning at North Street near I-195. The statement follows: "He said it was an oversight of the original Zoning Committee making it Residential rather than General Business".

Not only is the statement incorrect, but, furthermore, the reasons for keeping the North Street area residential to the greatest possible extent still exist today as they did at the time.

Once more we are faced with the attempt of a small minority to circumvent the Zoning Law in a way which is certainly not in the best interests of the Town as a whole, and particularly of North Street residents.

The proposed changes from Residential to Business have been soundly defeated before and with good reason.

The following article (published in the Presto Press of January 26, 1972), as well as several others, including an editorial by Mr. Donald Jason, expresses principles which are, if anything, more important today than ever.

The proposed changes are retrogressive not progressive, and I suggest that interested citizens make themselves heard "loud and clear" once again in opposition to the proposed changes.

Joseph L. Collins

PROPOSED ZONING CHANGES

I would like to comment with appreciation on your editorial of January 12, not only as a North Street resident but as an original member of the Zoning Committee (later the Zoning Board) responsible for drawing up the existing Zoning Law which was accepted by the Town by a substantial margin. that several Town businessmen conducting business in Mattapoisett were on this board.

I thoroughly agree with your point of view that attempting to change the present R20 residential district at North Street and Route 195 is a disservice not only to North Street residents but to the Town as a whole.

I would like to remind the residents of the Town that the proposed zoning prior to our Committee was defeated by the Town by a substantial margin and one reason was an attempt at that time to put a business zone at or near this new attempt on North Street. This was then and still is completely illogical and was so determined at the time our Zoning Committee started to draw up the present Zoning Law.

Although I am interested as a resident of North Street I am also sure that everyone who was aware of the purpose of our Zoning Board must agree that the Board as a whole had the best interests of the Town in mind constantly and we worked many long hours together to this end. We all wanted to maintain the beauty and livability of the Town of Mattapoisett without penalizing the existing or logically planned future business interests.

I CALL ON ALL RIGHT MINDED CITIZENS OF MATTAPOISETT WHO WANT TO KEEP MATTAPOISETT A GOOD PLACE TO LIVE TO DEFEAT THIS OR ANY SIMILAR ATTEMPT TO CIRCUMVENT THE IDEAS AND IDEALS OF THE EXISTING ZONING LAW. We don't want to see Mattapoisett deteriorate in the same way we have seen other towns.

4-H News

The Mattapoisett 4-H Club has had a very active year. Our officers this year are Kate Bauer, president; Mary Ellen Luiz, vice president; Jodi Briggs, secretary; Susan Ouimet, treasurer; and Karen Linhares, news reporter to the Yankee Pedlar. Our leaders are Mrs. Carol Knight, Mrs. Arlene Linhares, Mrs. Cookie Baptiste and Mrs. Carol Sansoucy of Rochester.

The club has been competing in several county activities. In November we had a local awards night and a county achievement night with Kate Bauer receiving her Junior Leader award and Janice Tavares, the most spirited award.

We have attended three horse judgings with several top scorers, including Karen Linhares, Kim Knight, Diane Deschenes, Laurie MacDonald and Christine Knight.

We had a prize winning window exhibit entitled "Justin Morgan - the Beginning of a Versatile Breed" which was displayed at Center Schoo The girls worked very hard and were rewarded with a blue ribbon of excellence for their display.

We had a Trail Ride in the fall to Marion and we hope to plan another this Spring. Our club ran a successful bake sale at the A & P to raise money for our spring field day.

Our club has nominated 4 girls for Eastern States competition this year: Sarah Pallatroni, Kate Bauer, Mary Ellen Luiz and Karen Linhares. We have six girls competing in county demonstrations this weekend: Chris Knight, Becky Baptiste, Sarah Pallatroni, Mary Ellen Luiz, Kim Knight, and Monique Bertrand. We will be also sponsoring a vet clinic for spring shots on April 5th.

We are looking forward to spring weather to enjoy our horses!

Would you pay $280,000 for a postage stamp? That price was paid at a 1970 auction for the most valuable stamp in the world.

Philately, stamp collecting, is a popular hobby. It started in 1840 when the first postage stamp, a picture of Queen Victoria, was issued in Britain.

Some stamps used today are the same size as the original, 3/4 inch x 7/8 inch. Perforations, added in 1854, eliminated the need for scissors to snip the printed blocks apart.

Today, stamps are collected by category (geography or date) and topic (type of picture). While licking your way through your stamp album, try:

In saucepan, combine 1 can (10 1/2 ounces) Campbell's Condensed Beef Broth, 1 soup can cranberry juice, 1 teaspoon honey and 1/8 teaspoon ground cinnamon. Simmer 5 minutes to blend flavors. Garnish with orange slices, if desired. Makes about 2 1/2 cups, 2 servings.

cal Director. "Lifters from Massachusetts, Rhode Island, New Hampshire and Vermont, making up the New England Association of the A.A.U., will compete for the coveted 'New England Championship'".

National and international calibre athletes will compete in this meet. One of them is John Redding of Beverly, Massachusetts, in the 114 pound class. Redding is our National Champion and second in the World in his weight class.

Powerlifting consists of ten body-weight classifications from the 114 pound flyweight to the unlimited superheavies. Lifters in each weight class make three distinctly different lifts: the squat, the bench press, and the deadlift. The lifter is allowed three attempts at each lift and the best lift of each type is totaled to determine the winner in each weight class.

Technique as well as sheer strength plays an important role governed by tough rules concerning the method of lifting the ponderous weights. Many of the more impressive performances come in the "lighter" classes where competitors succeed in lifting several times their own body weight.

At least two local residents will compete: Wayne Ignacio and Jack Bouley. Both men are YMCA members and have sparked the local interest in Powerlifting at the YMCA.

The meet is open to the public and a large gallery is expected from all over New England.

THE COMMONWEALTH OF MASSACHUSETTS, WATER RESOURCES COMMISSION, DIVISION OF WATER POLLUTION CONTROL, 110 TREMONT STREET, BOSTON, MASSACHUSETTS 02108. U.S. ENVIRONMENTAL PROTECTION AGENCY, ENFORCEMENT DIVISION, PERMITS BRANCH REGION 1, JOHN F. KENNEDY FEDERAL BUILDING, BOSTON, MASSACHUSETTS02203. JOINT PUBLIC NOTICE OF PROPOSED ISSUANCE/RENEWAL OF A JOINT NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT TO DISCHARGE INTO WATERS OF THE COMMONWEALTH OF MASSACHUSETTS UNDER CHAPTER 21, SECTION 43 OF THE MASSACHUSETTS GENERAL LAWS, AS AMENDED, AND UNDER SECTION 402 OF THE FEDERAL WATER POLLUTION CONTROL ACT (FWPCA) AND ISSUANCE OF A FEDERAL ENFORCEMENT COMPLIANCE SCHEDULE LETTER (ECSL). PUBLIC NOTICE NUMBER: MA-34-77* PUBLIC COMMENT PERIOD: March 2, 1977 thru April 1, 1977 PERMITTEE INFORMATION (1) PERMITTEE NAME: Town of Gosnold; MAILING ADDRESS: Town Hall, Cuttyhunk, MA. 02713; APPLICATION NUMBERS: MA 0100081 State Application No. M-010. The application pertains to 2 existing discharges, (average flow is 500 gpd (winter) and 4000 gpd (summer)), consisting of untreated domestic waste (SIC 4952) to the Vineyard Sound, a Class SA watercourse, at Gosnold, Massachusetts. The proposed permit requires the applicant to install secondary treatment by July 1, 1977. This permit will expire March 1, 1982. The permit proposed for issuance by the Massachusetts Division of Water Pollution Control (the "Division") and the Environmental Protection Agency ("EPA") requires the permittee to meet final effluent limitations by July 1, 1977. Section 301 (b) of the Federal Water Pollution Control Act ("FWPCA"), and decisions of the Federal Courts preclude issuance of an NPDES permit containing an implementation schedule to achieve such limitations later than this date. The EPA has tentatively determined that despite, among other things, all reasonable efforts on behalf of the permittee, achievement of final effluent limitations by July 1, 1977, is impractical. Accordingly, EPA, in the exercise of its prosecutorial discretion, proposes to issue the Applicant, at the same time as issuance of the permit, an Enforcement Compliance Schedule Letter setting forth the terms and conditions which must be satisfied by the permittee in order to avoid enforcement action by the EPA for the permittee's failure to achieve final effluent limitations by July 1, 1977. The proposed Enforcement Compliance Schedule Letter requires the applicant to complete facility plans by November 1, 1977 and submit a schedule for construction by April 15, 1978. The Division is of the opinion that the July 1, 1977 deadline for achievements of final effluent limitations may appropriately be extended beyond that date for the purposes of the Massachusetts Clean Waters Act only by the courts of the Commonwealth. For this reason, the Division will not participate in the issuance of the Enforcement Compliance Schedule Letter. (2) PERMITTEE NAME: Town of Mattapoisett; MAILING ADDRESS: Board of Selectmen, Town Hall, Mattapoisett, MA. 02739; APPLICATION NUMBERS: MA 0100072 State Application No. M-008. The Town of Mattapoisett has applied for a NPDES permit to discharge wastewater to a Mattapoisett Harbor, a Class SA water at Mattapoisett. The application pertains to one (1) existing discharge, (average flow is 35 thousand gallons per day), consisting of untreated wastewater. The proposed permit requires the applicant to eliminate the discharge of wastewater to Mattapoisett Harbor by July 1, 1977. This permit will expire March 1, 1980. The permit proposed for issuance by the Massachusetts Division of Water Pollution Control (the "Division") and the Environmental Protection Agency ("EPA") requires the permittee to meet final effluent limitations by July 1, 1977. Section 301(b) of the Federal Water Pollution Control Act ("FWPCA"), and decisions of the Federal Courts preclude issuance of an NPDES permit containing an implementation schedule to achieve such limitations later than this date. The EPA has tentatively determined that despite, among other things, all reasonable efforts on behalf of the permittee, achievement of final effluent limitations by July 1, 1977, is impractical. Accordingly, EPA, in the exercise of its prosecutorial discretion, proposes to issue the Applicant, at the same time as issuance of the permit, an Enforcement Compliance Schedule Letter setting forth the terms and conditions which must be satisfied by the permittee in order to avoid enforcement action by the EPA for the permittee's failure to achieve final effluent limitations by July 1, 1977. The proposed Enforcement Compliance Schedule Letter requires the applicant to complete sewer construction by November 1, 1979 and tie-in and elimination of the discharge within thirty (30) days of availability of the Town of Fairhaven interceptor sewer. The Division is of the opinion that the July 1, 1977 deadline for achievements of final effluent limitations may appropriately be extended beyond that date for the purposes of the Massachusetts Clean Waters Act only by the courts of the Commonwealth. For this reason, the Division will not participate in the issuance of the Enforcement Compliance Schedule Letter. (3) PERMITTEE NAME: City of Taunton; MAILING ADDRESS: Board of Sewer Commissioners, Room 22, City Hall, Taunton, MA. 02780; FACILITY ADDRESS: 1025 West Water Street, Taunton, MA. 02780; APPLICATION NUMBERS: MA 0100897 State Application No. M-88. The City of Taunton has applied for a NPDES permit to discharge wastewater to the Taunton and Mill Rivers both Class SB waters at Taunton. The application pertains to ten(10) existing discharges, consisting of one(1) discharge of treated wastewater (est. 5.0 mgd) to the Taunton River and nine(9) discharges of combined untreated stormwater/wastewater to the Taunton and Mill Rivers. The proposed permit requires the applicant to upgrade the treatment facility to provide secondary treatment, discharge 001, by July 1, 1977 and also provide best practicable control technology currently available for the combined discharge numbers 003, 004, 007, 008, 011, 012, 015, 017, and 018 by July 1, 1977. This permit will expire five(5) years from the effective date. The permit proposed for issuance by the Massachusetts Division of Water Pollution Contol (the "Division") and the Environmental Protection Agency ("EPA") requires the permittee to meet final effluent limitations by July 1, 1977. Section 301(b) of the Federal Water Pollution Control Act ("FWPCA"), and decisions of the Federal Courts preclude issuance of an NPDES permit containing an implementation schedule to achieve such limitations later than this date. The EPA has tentatively determined that despite, among other things, all reasonable efforts on behalf of the permittee, achievement of final effluent limitations by July 1, 1977, is impractical. Accordingly, EPA, in the exercise of its prosecutorial discretion, proposes to issue the Applicant, at the same time as issuance of the permit, an Enforcement Compliance Schedule Letter setting forth the terms and conditions which must be satisfied by the permittee in order to avoid enforcement action by the EPA for the permittee's failure to achieve final effluent limitations by July 1, 1977. The proposed Enforcement Compliance Schedule Letter requires the applicant to: (1) attain operational level of the treatment facilities by February 1, 1978; (2) eliminate discharge numbers 003, 007, 012 by September 30, 1977, discharge numbers 008, 017 by December 31, 1977, discharge number 011 by June 30, 1978, discharge number 015 by July 1, 1978; (3) submit a report concerning short and long-range abatement programs for discharge numbers 004 and 018. The Division is of the opinion that the July 1, 1977 deadline for achievements of final effluent limitations may appropriately be extended beyond that date for the purposes of the Massachusetts Clean Waters Act only by the courts of the Commonwealth. For this reason, the Division will not participate in the issuance of the Enforcement Compliance Schedule Letter. TENTATIVE DETERMINATIONS. Tentative determinations regarding effluent limitations and other conditions to be imposed in the pending NPDES permit and Federal Enforcement Compliance Schedule Letter have been made by the Division and/or EPA. The limitations imposed in the permit will assure that Massachusetts Water Quality Standards and applicable provisions of the FWPCA will be met. FURTHER INFORMATION. The complete application, proposed permit and Enforcement Compliance Schedule Letter, and other information are on file and may be inspected at the Division or EPA, Boston offices. ARTWORKS will close down its Second Street operations on April 1st. However, many of its activities, such as workshops and the film series will continue until the gallery is located in new quarters.

The "Form in Fibers" workshop will continue to be held on Thursday evenings. Anyone interested in that workshop should contact Peggi Enright of Allen Street for further information.

The experimental drawing workshop will also continue to be held at 13 Centre Street on the third floor. For further information on the drawing workshop contact Carl Caivano, 13 Centre Street.

ARTWORKS activities will be decentralized until its new gallery site goes into operation. ARTWORKS will utilize several locations which were offered to the gallery for varied activities.

In addition, to thank everyone for their support of the Second Street location, ARTWORKS will host its April Fool's "Phoenix Party" on April 1st starting at 8 P.M. The name for the party came from the mythical bird, the Phoenix which lives for several hundred years, then dies in flames only to rise again from the ashes to another lifetime. The public is invited to attend. Music will be provided; however you must supply your own refreshments

EXOTIC DANCES AT SMU

A Dance in Praise of the Blue God Krishna, The Dance of the Evil Cobra, A Graceful Duet by the God and Goddess of Love -- these are some of the exotic dances to be presented by BHASKAR and his Dances of India troupe at Southeastern Massachusetts University Sunday, April 3, at 8 P.M. in the SMU Auditorium.

BHASKAR'S "Dances of India" is a presentation of the SMU Cultural Affairs Committee.

Before Bhaskar came to the United States and became an American citizen, his title was the "Zamindar of Mednipur and Bhawanipur". He began his career at welterweight champion of Madras, winning 13 out of 14 bouts, but it was the 14th encounter that made him decide to turn to one of the gentler arts...."I was beaten to a pulp by Tiger Terry -- an experience I don't want to repeat", Bhaskar says.

Carolyn Kay, featured dancer with Bhaskar, has a B.A. degree in political science from the University of Rochester. During her college years she spent a summer in Morocco and Ghana. "I earned money to go", she says. "I never recovered. We would work hard and make music and dance every evening."

What followed was a preoccupation with dancing, ethnic variety. She hitchhiked to California one summer to study with Balasarasvati at UCLA. Later she found her way to Morocco and lived, loved and learned their ways.

Classical Hindu dancing seemed to bring it all together. Miss Kay toured with the Ethno-American Dance Theatre. She continued her studies in Middle Eastern dancing with Ibrahim Farrah.

Ticket reservations will be taken between 2 and 4 P.M. Monday through Friday at telephone 997-9321, extension 765, at SMU.
